

Extraordinary Announcement

Zwack Unicum Plc. receives subvention to increase competitiveness

The Zwack Unicum Public Limited Company is pleased to inform its distinguished Investors that earlier today the Hungarian Ministry of Foreign Affairs and Trade (KKM) awarded **the Company** a non-repayable subvention to increase competitiveness to the tune of **HUF 106 million**. The award follows from the Ministry's invitation to proposals, which was entitled "Invigorating the Economy amidst the Current COVID-19 Epidemic". The invitation to proposals was promulgated in Decree 7/2020 (16 April) of the Ministry of Foreign Affairs and Trade.

The Decree provides that the subvention to increase competitiveness must be spent on **fixed assets**. Our Company is going to use it as a co-financing instrument to purchase a **packaging and palletizing machine** to be installed in our plant at Dunaharaszti. The subvention covers **50% of that capital investment**. The investment project is to be completed during the first quarter of 2021 but by **30 June 2021** at the latest.
